## ***Titanic: The Artifact Exhibition* sails to new record-breaking attendance**

*Over 286,000 visitors experienced the majesty of the RMS Titanic at ArtScience Museum*

**Singapore** (4 May 2012) – ArtScience Museum at Marina Bay Sands is proud to announce that *Titanic: The Artifact Exhibition* welcomed over 286,000 visitors over its six month run in Singapore.

Mr. Nick Dixon, Executive Director, ArtScience Museum at Marina Bay Sands, said, “It’s been a spectacular journey since *Titanic: The Artifact Exhibition* first opened to the public on 29 October 2011. During the six month run, we’ve received numerous testimonials from visitors who mentioned their journey through the exhibition was both educational and emotional. RMS Titanic may have set sail over 100 years ago, but its story continues to resonate with visitors. I would like to thank Singapore for making this exhibition such a success. It’s not only the best showing for an exhibition at ArtScience Museum but also the most well-attended museum exhibition in Singapore.”

Currently, ArtScience Museum is hosting *Andy Warhol: 15 Minutes Eternal* which features over 260 paintings, drawings, sculptures, film, and video of the legendary artist’s works, marking the first time such an extensive collection is exhibited in Singapore. The exhibition will also be accompanied by a wide range of associated documents, interactive timelines, photographs, and archival material.

Stepping into Titanic’s location in June is *Harry Potter: The Exhibition* which will showcase its grand collection of items in wonderfully detailed settings inspired by the film sets. As fans tour through the exhibition space, they will enjoy some of their favorite props and costumes from all the *Harry Potter* films, including Harry’s iconic wand and eyeglasses, Professor Snape’s™ original costume, the Golden Snitch™ and the Gryffindor school uniforms.

Boasting an iconic lotus-inspired design, the world’s first ArtScience Museum at Marina Bay Sands is the premier venue for major international touring exhibitions from the most renowned collections in the world. ArtScience Museum is a place that begins to question and discover the connection and similarities between the arts and sciences; and look at how people create ingenious work in both fields. ArtScience Museum presents exhibitions that give people a better understanding of how inspiration, creativity, and expression are born. Exhibitions held at ArtScience Museum include: *Genghis Khan: The Exhibition*; *Traveling The Silk Road: Ancient Pathway To The Modern World*; *Shipwrecked: Tang Treasures and Monsoon Winds*(February 2011); *Van Gogh Alive* (April 2011); *Dali: Mind of a Genius* (May 2011); *Titanic: The Artifact Exhibition* (October 2011) and *Cartier Time Art* (December 2011). Featuring 21 gallery spaces, totaling 50,000 square feet, ArtScience Museum delivers an impressive array of exhibits that embrace a spectrum of influences from art and science, media and technology, to design and architecture.
