

# Fact Sheet

## SweetSpot

### Introduction

Offering the finest selection of fresh pastries and artisan brews, SweetSpot is operated by Marina Bay Sands and located throughout the property.

It unveiled its flagship outlet at the lobby of the iconic ArtScience Museum in May 2019, marking Marina Bay Sands' first full-fledged wellness dining concept. The contemporary café offers a range of options from make-your-own salad bowls to gluten-free pastries. Guests can enjoy salad bowls or toasted wraps from a selection of over 30 different premium choices, such as *char-grilled salmon with teriyaki*, *organic wild rice* and *baked kabocha*.

The café features Singapore's first commercial robotic barista, a fully automated 6-axis robot that can create different combinations of coffee at four times the rate of any human barista. SweetSpot is also fitted with a kids' corner where little ones can engage in educational games and interactive activities while enjoying dishes from the kids' menu.
